This spectacular six-bedroom villa is located on over 4 acres within Maui's premier golf community of Kapalua. Characteristic of this renowned community, great views are framed through every one of the villa's many windows and sliding-glass doors, looking out over the area's sheltered bays. Up to twelve guests can enjoy the estate's sprawling ocean view perch. Four bedrooms are located within the villa's main pavilion, with two additional in the guest house set just a bit higher on the hill. All bedrooms have ensuite bath. Hardwood floors, marble and rattan details make the complex a comfortable but sophisticated place to set up holiday headquarters in Maui.

The indoors, with an airy, open-plan are very inviting, while guests can enjoy both shaded and sunny outdoor living on its many terraces and pool deck. Alfresco details also include showers, loungers and a BBQ area. When the sun goes down and night chills the air, hop into the hot tub ...

- Stunning Ocean View
